### Overview

---

Fellowes Office Suites Microban Adjustable Footrest

Easy to adjust for personal comfort using foot pressure, no bending or stooping required.

Convenient locking mechanism holds footrest in preferred position until you readjust it.

Features Microban antimicrobial product protection to inhibit the uncontrolled growth of stain and odour-causing bacteria on the footrest.

Microban technology is built in during the manufacturing process so it will not wash off or wear away.

Adjustable height between 108 and 146mm.
