Overview

Bic Matic Mechanical Pencil with 3 x HB 0.7mm Lead (Pack of 12 Pencils)

BICMatic Original mechanical pencil is ideal for convenient writing at work or school, as it does not need sharpening and will not go blunt in a pencil case or pocket.

The lead lasts 2 times longer than a normal graphite pencil, giving you a longer lasting writing performance.

Using 0.7mm HB lead, this BIC mechanical pencil comes with 3 leads of 90mm.

The BICMatic Original is easy to use and erase.

- Disposable, automatic 0.7mm pencil with three long lasting HB leads and built-in eraser
- Simple push button action
- Pack contains random colour selection from green, blue and turquoise
