### Overview

---

Lexmark Black High Yield Return Program Toner Cartridge (Yield 21000 pages)

Lexmark Return Programme cartridges are patented print cartridges sold at a discount in exchange for the customer's agreement to the licence requirement that the cartridges will be used only once and returned only to Lexmark for remanufacturing or recycling.

These patented cartridges are licensed for single use only and will stop working after delivering a fixed amount of ink and/or toner.

Ink and/or toner may remain in the cartridge when replacement is required.

Replacement cartridges sold without these restrictions are also available.

- High Yield Return Program Print Cartridge
- Lexmark X644e and X646e MFP supplies are designed for the highest quality output
- The supplies are designed for easy customer installation and quality performance, from the first page to the last
