Overview

Kleenex 6348 Antibacterial Foam Soap (White)

Foam and liquid hand cleansers that improve personal hygiene, care for your skin and reduce bacteria.

Ideal for: busy washrooms in hygiene-critical areas such as healthcare, food processing and food service environments; being kind to skin when hands are washed frequently; reducing the risk of contamination, infection and illness; cleaning quickly with less water; dispensing the ideal amount of soap for each wash, preventing overuse; delivering up to twice as many washes per litre as conventional liquid soaps; keeping costs down in areas of heavy use and reducing waste.

Available as: luxury, lathery, colour-free foam soap in strong, hygienically sealed 1-litre cassettes that are quick and easy to install, give up to 2,500 shots of soap, shrink to save space when empty and are recyclable (when the pump's removed).
