Overview

San Pellegrino Limonata (0.33 Litre Can) Sparkling Lemon Natural Mineral Water (Pack of 24)

The deliciousness of San Pellegrino sparkling fruit beverages has always been ensured by its exclusive use of high quality citrus, and by sophisticated technological innovations which make it possible to translate the extreme high quality of raw materials into equally first-rate finished products, ensuring nutritional properties remain unaltered and thus avoiding the addition of preservatives.

San Pellegrino's stylish and colourful Sparkling Fruit Beverages convey a sense of joy, spontaneity and colour that whisk you outdoors to sunny southern Italy and the shade of orange groves.

The Sparkling Fruit Beverages, with their strong feel of genuineness, belong to a lively atmosphere, imbued with a passionate Italian mood.

Here, the sense of community and the lovely ritual of meeting friends or enjoying a special authentic moment - all create the perfect setting to sip a San Pellegrino Sparkling Fruit Beverage.

The origin and the excellence of the fruits in the San Pellegrino Sparkling Fruit Beverages are among the keys to their success: the radiance of Italian citrus fruits, the sweetness and deliciousness of their juice and their fragrance formed a solid base for the creation of sparkling fruit beverages, able to offer the senses all the aroma and flavour of freshly squeezed fruit juice.

Today as in the past, the finest oranges and lemons are selected, ripened in the sun of the vast groves of Southern Italy and then picked by hand, at specific harvest time.

Since the beginning, Aranciata was sold in a highly distinctive club-shaped glass bottle, known as 'clavetta' - still very popular today - with a surface resembling the peel of citrus fruit, both to the touch and sight.

Over time, this small bottle, synonym of preciousness, has become an authentic icon for the brand.

The Sparkling Fruit Beverages' paper label reflects the naturalness of the product.

It's a fresh and trendy package, featuring the image of a citrus fruit while bearing a strong resemblance to the San Pellegrino brand label, with its famous Belle Époque charm and flair, cyan colour and - most of all - its central red star.

The Sparkling Fruit Beverages' cans bear marks of the same visual identity and with their Eco-cap - the separate foil cover lid which acts as a dust cover - are 100% recyclable.

- 330ml Cans
- Flavoured Natural Mineral Water
- Pack of 24 Cans
