Overview

Nescafe Dolce Gusto Caffe Lungo Pack of 48 Caps

The classic Lungo is, in Italian, a 'long coffee'.

Like the iconic espresso, water is passed through our rich roasted and ground coffee blend, but instead of making a shot, enough water is used to fill a normal coffee cup.

What you create is a smooth, enticingly dark coffee that's just right for everyday easy drinking.

This 'stretched espresso' is a coffee you can take your time over and enjoy at breakfast and beyond.

Not too strong but with just enough deliciousness in its blend to tickle your taste buds in the morning, the Lungo coffee pod drink is the ideal choice for the coffee enthusiast who likes things simple but won't compromise on well-rounded flavour.

This is what gives it such wonderfully wide appeal and makes it the ideal choice for your coffee capsule collection.

Even better, crafting a delicious drink is made easy with your NESCAFÉ Dolce Gusto machine, thanks to its high quality design.

So, you'll always have a great Lungo at the touch of a button, whether it's for yourself, for friends, or for an unexpected visitor.

If you want to take coffee mornings to the next level, our Iconic Porcelain Lungo Cups are carefully designed for the task of presenting your Lungo, with a size and shape that complements the unmistakable design of your machine.
