Overview

Phoenix Commercial Key Cabinet KC0604K 200 Hook with Key Lock.

The Phoenix Commercial Key Cabinet KS0600 Series are high quality Key Cabinets ranging from 42 hooks up to 600 hook units.

Locking - KC0600K - Manufactured with a high quality cylinder lock supplied with 2 Keys.

KC0600E - Fitted with a high quality electronic code lock, programmable with users own 4 digit code which can easily be changed when required.

KC0600S - As KC0600E with added feature of Push shut latch mechanism (Not available on KC0606 & KC0607 double door units).

KC0600N - Fitted with The NetCode 1000 lock allowing temporary access to The Cabinets via The web-based NetCode Portal.

NetCode is activated prior to The lock owner shipping and installing at a remote site.

The NetCode Portal allows you to register and set up your account, activate your locks and generate time-sensitive codes.

Using time-sensitive codes is a more secure way to grant access as The code will not work outside a designated timeslot.

Generated codes can be sent by email or SMS to any email account or mobile phone.

Special Features - Each unit comes with adjustable hook bars and number labels to suit.

The 400 and 600-hook units are double door Cabinets.

Fixing - The Cabinets have pre-drilled Fixing holes for wall mounting.

Finish - Finished in a high quality durable powder coated Finish.
