Overview

VFM Compact Cable Protector (Black)

VFM Black Compact Cable Protector (Pack of 1) 309484.

This is a fantastic product for not only protecting your cables from damage, but also protecting your workers from trip hazards and preventing accidents.

With a ribbed surface, this is a gripping high quality solution to the problem of cable protection and includes 5 cable channels of 30mm wide and up to 30mm high.

With cable supports you can take trolleys smoothly over the cables without damage, making this perfect for warehouses and other industrial uses..

Rubber protection for your cables.

Ridged to provide grip for walking.

Prevents tripping and accidents.

5 Cable channels are 30mm wide and up to 30mm high.

Cable supports allow you to take weight over cables without damaging them.

Dimensions: 770x435x40mm (WxDxH).
