Overview

D-line Cable Tidy Multi-Purpose Self Adhesive Cable Bases (Assorted Mono) Pack of 6

D-Line Multipurpose Cable Bases have a diameter of approximately 25mm and a stylish design available in a range of colours.

The soft rubberised feel makes the opening flexible so cables are easy to insert or remove.

The self-adhesive backing enables peel and stick to surfaces, then you can keep wires accessible and in reach! Popular on desks and around the home and office, ideal to hold charger cables and organise computer wires, the slot can hold cables up to 6mm diameter.

Saves time and inconvenience recovering dropped or tangled wires!

- Pack of 6
- Self Adhesive Base
- Hold Cables up to 6mm in Diameter
- Mono Colours
