

Connekt Gear Fast US Charging Wall Socket 2 x Type A/1 x Type C (5.4 Amp) GR02544

GR02544
27-3054

Colour(s) : White
Dimensions : 14.5cm (W) x 8.4cm (H)
Distributor Numbers : Vow Code: GR02544
Form Factor : Socket
Model Name : 27-3054
Product Type : Wall Socket

Pack Quantity 1
Price : £49.33

Overview

Connekt Gear Fast US Charging Wall Socket 2 x Type A/1 x Type C (5.4 Amp)

In our modern world the continuous use of multiple mobile devices such as Smartphones, Tablet PC's, eReaders, Cameras etc.

is a common daily occurrence.

The need for charging these devices is greater than ever and we soon find we are running out of wall sockets.

The Innovative CONNEKT GEAR USB Fast Charging Switched Socket solves the charging dilemma! Upgrade your existing double wall socket in a few simple steps.

Instantly creating three USB ports including the latest Type-C Port! Allowing you to free up your UK mains sockets for use with other appliances.....

an easy swap & you're all set-up for Fast USB charging!

- 1 x USB FAST CHARGING TYPE-C PORT:
- 3.0 Amp output - True fast charging technology
- Refuels batteries up to 4 times faster
- Supports seven fast charging protocol mechanisms including: Qualcomm QC3.0, MediaTek Pump Express Plus 2.0, Hisilicon FCP, Spreadtrum Fast Charge Protocol, USB BC V1.2, Apple & Samsung Divider Charging Profile
- 2 x HIGH POWER CHARGING TYPE-A PORTS:
- 2.4 Amp output - (Individual ports are limited to 2.4 Amp to protect your device)
- GENERAL INFORMATION:
- Simply plug your USB cable directly into the USB sockets
- Intelligent controller auto detects connected device and dynamically adjusts voltages to what the device requires (3.6 - 20V Class B)
- Supports 95% of all handheld devices worldwide
- Intelligent split power supply allows each device to pull their maximum power requirements
- Surge, spike, overload & lightning protection ensures your devices are protected at all times

- Automatic shutdown of USB charging, the transformer will shut down power to the ports once the device is fully charged or disconnected from the charging plate
- Low energy stand-by mode
- Quick and easy installation
- Multi inputs for charging a number of devices simultaneously
- Supplied in full retail packaging
- 1 Year warranty
