Overview

Connekt Gear (5m) 4 Way Surge Protected UK Extension Block

Allows you to run up to 4 electronic devices on to one reliable power block from a power socket providing power where you need it.

The surge protection features protects your valuable equipment from damaging power surges & spikes.

The additional length of cable gives you greater distance on devices plugged into the power block.

Perfect for PC's, laptops, printers, routers or any other home or office electrical device that features a UK plug.

- Run up to 4 electronic devices on to one reliable power block
- LED light indicates that the surge protection is active
- Optional wall mounting holes provided (keyhole type at rear)
- 3 Pin UK plug fused at 13 amps
- Plug & mains distribution block conform to BS1363/A
- Cable conforms to European Standard
- The 13 amp fuse conforms to BS1362
- Manufactured under an ISO9001: 2000 quality system
- Supplied in full retail packaging
- Lifetime cable warranty
