### Overview

---

Verbatim CD-RW 700MB 80min 12x Hi Speed Jewel Case 10 Pack

CD-RW (Compact Disc - Rewritable) means that you can use the discs more than once and that the contents of the discs can be erased and rewritten.

Verbatim CD-RW discs can be rewritten a minimum of 1,000 times.

CD-RW discs are used just like CD-R discs.

Some software may handle CD-RW in a slightly different way, because you can do things like erase individual files, but the recorder technology is nearly identical.

The Verbatim Hi-Speed CD-RW discs have an even newer developed recording layer, which is different from the standard 2x-4x CD-RWs.

- CD-RW
- Superior resistance to UV irradiation
