Overview

Verbatim DataLife Plus CD-RW 12x 700MB 80min Spindle (10 Pack)

CD-RW (Compact Disc - Rewritable) means that you can use the discs more than once and that the contents of the discs can be erased and rewritten.

Verbatim CD-RW discs can be rewritten a minimum of 1,000 times.

CD-RW discs are used just like CD-R discs.

Some software may handle CD-RW in a slightly different way, because you can do things like erase individual files, but the recorder technology is nearly identical.

- High Performance Recording Layer
- Extra Protection Durability Layer
- Minimum of 1000 times overwrite
- 700 MB Capacity
- Lifetime Warranty
