### Overview

---

#### Kensington Wireless Mouse for Life

The ideal mouse when you need uninterrupted concentration while working or if you're in a quiet location, such as a library, and don't want to disturb others around you.

Using a compact nano receiver, provides the ultimate freedom and mobility for your mouse with a completely reliable wireless connection so you can always be productive.

The high-definition optical sensor tracks the mouse's movements with smooth accuracy for optimal performance and productivity.

The three button with scroll wheel setup gives both right-handed and left-handed users the freedom to get the most out of the mouse with contours that allows for pain-free and comfortable extended usage.

Simply insert the wireless USB receiver into your device and you'll be up and scrolling quickly as the mouse driver will download and install automatically.

Built to last, this could be the last mouse you ever have to buy and we'll replace or fix it if something goes wrong with it.

- Silent click
- 2.4GHz wireless connection
- 1000 dpi sensor
- Plug & Play installation
- 5 year warranty
