AV1200 Powerline Starter Kit 1-Port TP03313

TP03313
TL-PA8010PKIT

Dimensions : 13.1cm (W) x 7.2cm (D) x 4.2cm (H)
Distributor Numbers : Vow Code: TP03313
Form Factor : Plug in Mains RJ-45 Network Adaptor
LAN Ports : 1 port(s) x 10/100Mbps Ethernet
Model Name : TL-PA8010P
Product Family : AV1200
Product Type : Network Adaptor

Pack Quantity 2
Price : £71.30

Overview

AV1200 Powerline Starter Kit 1-Port TP03313

Using your home's existing electrical circuit, TP-Link's TL-PA8010P KIT AV1200 Gigabit Passthrough Powerline Starter Kit turns any electrical socket into an Internet connection.

Simply plug into your wall socket and you are ready to enjoy HD streaming and gaming, no configuration required.

You also won't lose a socket with its integrated pass through socket included! With speeds of up to 1200Mbps for smooth Ultra HD streaming, online gaming or faster downloads, TL-PA8010P KIT is a perfect home entertainment companion.

With its advanced HomePlug AV2 technology, TL-PA8010P KIT is introducing a powerline generation for even faster data transmission in the home network.

TL-PA8010P KIT supports 2x2 MIMO with beamforming, so users benefit from ultra-fast data transfer speeds of up to 1200Mbps.

Perfect for bandwidth demanding activities like streaming Ultra HD video to multiple devices simultaneously, online gaming and large file transfers.

Equipped with one gigabit Ethernet port, TL-PA8010P KIT allows users to connect a bandwidth intensive device in a room and ensures the smooth transmission of multiple HD video streaming.

Where sockets are at a premium, the TL-PA8010P KIT with an integrated AC pass-through power socket, means the powerlines can be used like a traditional electrical socket.

Plug your smart TV or games consoles into the powerlines, as if it were a normal plug socket.

No socket needs to go to waste.

The built-in noise filter helps to prevent electrical signal noise from affecting powerline performance.

- HomePlug AV2 standard compliant, high-speed data transfer rate of up to 1200Mbps, ideal for Ultra HD

streaming and online gaming

- Line-Neutral/Line-Ground 2x2 MIMO with beamforming ensures fast and stable connection
- Gigabit Ethernet port allows your TVs, game consoles, or PCs to connect to the Internet
- Embedded power socket makes power accessible to other devices
- No new wires, use existing electrical wiring
- Up to 300-meter range over the household power circuit
- Plug and Play, no configuration required
- 128-bit AES encryption ensures that the network is safe simply by pressing a button on paired devices
- Power saving mode reduces power consumption by up to 85%
- Compatible with all AV1200, AV1000, AV600, AV500 &AV200 Powerline adaptors
