Overview

Swordfish VariSocket Dual USB Auto-Detect Charger (Black/White)

Say goodbye to using multiple adapters &outlets.

Say hello to all-in-one charging convenience.

VariSocket amp-adjustment technology intelligently identifies your device to deliver its fastest possible charge.

Using top-grade microchips and built-in fail-safes, it ensures you receive full power and also full safety.

A port-level circuit protection system that shuts it down in the event of overvoltage, over-current, overheating or short circuits.

VariSocket Detects your device and delivers the fastest charge on all USB ports.

- 3500mA USB output - Dual USB for charging two USB devices simultaneously e.g. Tablets &Smartphones
- Correctly identifies your device
- Delivers the fastest possible charge
- USB short circuit, over-power &over-current protection
