Overview

Apple iPad (9.7 inch Multi-Touch) Tablet PC 32GB A9 Chip WiFi Bluetooth Camera Retina Display iOS 10 Touch-ID (Silver) APP23917

Learn, play, surf, create.

iPad gives you the incredible display, performance, and apps to do what you love to do.

Anywhere.

Easily.

Magically.

Whether you're enjoying photos, shopping, or building a presentation, the vivid 9.7-inch Retina display has the detail and size to really bring them to life.

The 64-bit A9 chip delivers performance that makes every app feel fast and fluid.

Explore rich learning apps, play graphics-intensive games, or even use two apps at once.

All while enjoying up to 10 hours of battery life.

Every iPad app has been designed specifically for the power and scale of iPad.

And with so many great iPad apps in the App Store, there's sure to be an app for whatever you love to do.

iOS 10 is the most advanced, intuitive, and secure mobile operating system in the world.

It's so capable, you can work and play using two apps at once, ask Siri to send a message for you, and automatically back up your files with iCloud so you can access them anywhere.

And it includes built-in apps that help you get more out of iPad.

Your fingerprint is the perfect password because it's unique and always with you.

Touch ID lets you unlock your iPad instantly and secure private data in apps.

You can also use it to make purchases with Apple Pay in apps and websites.

Taking photos and videos with iPad is a snap.

Use the 8 megapixel camera to shoot detailed images or 1080p HD video, then edit them right on iPad with Photos, iMovie, or your favourite app from the App Store.

Or use the front-facing FaceTime HD camera for video calls and gorgeous selfies.

iPad works seamlessly with your other devices.

Start an email on your iPhone and finish it on iPad.

Or copy images, video, and text from your iPad, then paste to your nearby Mac.

You can even use AirDrop to share files wirelessly - and instantly - between devices.
