Overview

Hp Ultrium Data Cartridge 400Gb C7972A HPC7972A

Backed by HP's exhaustive media qualification process, the C7972A HP Ultrium 400GB data cartridge supports the launch of the HP StorageWorks Ultrium 460 Tape Drive.

Building on the class-leadership of the Linear Tape Open standard, HP Ultrium 2 cartridges provide exceptional reliability with best-in-class high performance; the new format minimizes network interruption by being capable of protecting nearly 216 GB/hour of data (88% faster than SDLT 320) and storing up to 400GB on one piece of media (double the capacity of Ultrium 1 tapes).

- Increases capacity with 200GB native storage on a single Ultrium 2 format cartridge
- Re-enforced by HP's unique media testing and qualification process for maximum reliability in backup and restore
- Supports the latest HP StorageWorks Ultrium 460 tape drive, incorporating new Ultrium 2 format
- Lowers the cost of ownership for corporate and enterprise data centres with the best cost per GB ratio of any product in its class
- Improved recognition via unique red cartridge shell to avoid mistaken identification in large, mixed media archives
- Capacity: 200/400GB
