Distributor Numbers : Vow Code: VM43961
Form Factor : SDHC Card
Industry Standard Product Classification : 40212
Interface(s) : SDHC
Memory Size : 8GB
Pack Quantity : 1
Product Family : Premium
Product Type : Memory Card

Pack Quantity 1
Price : £7.03

Overview

Verbatim 8GB Secure Digital SDHC Card (Class 10)

Verbatim SDHC (Secure Digital High Capacity, SD 2.0) Cards are designed to be used in compatible digital cameras, portable music players, camcorders, smart phones, PC's or other consumer applications.

SDHC Cards use a FAT32 file system, a specification that was established for applications with higher capacity needs and are especially suitable for high-quality video.

The increasing use of high-definition video, high-resolution digital photography and mobile applications demands higher storage capacity and more demanding data transfer rates.

Because of this, SDHC cards guarantee a minimum sustained data transfer speed, not a maximum speed.

Verbatim SDHC Cards are fully compliant with all applicable SD standards.

They also contain a write protect feature to prevent accidental erasure.

SDHC cards use the same physical format as SD cards but cannot be used with SD host devices that do not comply with SDA Specifications Version 2.0.

- Capacity: 8GB
- Write Speed: 10MB/Sec
- Read Speed: 10MB/Sec
