Overview

Transcend JetDrive Go 300 (64GB) USB 3.1/Lighting Flash Drive (Black) TRD83448

Running out of storage space on your iPhone or iPad? Transcend's JetDrive Go 300 Lightning/USB 3.1 flash drive is designed to expand your iPhone, iPad or iPod storage by up to 128GB.

With the exclusive JetDrive Go App, you can effortlessly explore, move, back up and manage photos and videos between the JetDrive Go 300 and your iOS device.

Have you ever seen a Cannot Take Photos message pop up on the display whilst trying to save photos and videos? The JetDrive Go 300 provides your iOS device with up to 128GB of additional storage, so you can focus on capturing unforgettable moments without worrying about running out of space.

Exclusively designed for the JetDrive Go 300, the JetDrive Go App features an intuitive interface that allows you to quickly browse, move and copy your photos and videos between Camera Roll and the JetDrive Go 300 in a few taps.

Running out of space on your iOS device? Backing up files with the JetDrive Go 300 and the JetDrive Go App is easy and intuitive.

The App Features a Backup function that can move all of you photos and videos from your iOS device to your JetDrive Go 300 with a single tap.

Aside from just transferring and backing up files, the JetDrive Go App is also equipped with a snapshot function which allows not only photos and videos, but also audio recordings to be saved directly to the JetDrive Go 300 flash drive right after being recorded.

Don't let any fantastic moment slip through your fingers because your iPhone runs out of space.

Shoot with the JetDrive Go 300 plugged in! Other than the Airdrop function, the JetDrive Go 300 is an alternative way to share files with friends when there is no Wi-Fi connection or among different platform devices.

Move files including documents to the JetDrive Go 300.

Give it to your friends, so they can browse photos on their own laptop, or copy large files without having to connect to the Internet.

Designed for business users, the JetDrive Go 300 supports a variety of file formats including Microsoft Office, Apple iWork and Adobe PDF files, making it an easy way to view and download your important documents directly from browsers and cloud storage.
