Overview

ViewSonic VA2261-2-E3 (22 inch) LED Monitor 600:1 200cd/m2 1920x1080 5ms (Black) VSC78122

The ViewSonic VA2261-2-E3 is an eye-care and environmentally friendly 22 (21.5 viewable) widescreen monitor that features Flicker-Free and Blue Light technology, eliminating eye strain over extended viewing periods.

Equipped with a LED backlight and Eco-mode, it provides energy savings up to 25%*.

With 1920x1080 Full HD resolution, 5ms response time, DVI and VGA inputs and VESA mountable glossy finish design, the VA2261-2-E3 is ideal for both home entertainment and office work.

It also has ViewMode technology, including preset text, movie, game, mono, and web modes, allowing users to view better colour rendering based on different using scenarios.

The ViewSonic VA2261-2-E3 features Full HD 1920x1080 resolution for unbelievable pixel-by-pixel image performance.

You'll experience the most amazing clarity and detail whether it be while gaming or enjoying the latest in multimedia entertainment.

A 16:9 widescreen ratio minimizes eye fatigue even after hours of playtime, and is perfectly compatible with multi-window viewing without toggling.

LED backlighting enhances display performance, delivers an outstanding colour range, and adjusts contrast ratios for remarkably detailed images.

ViewSonic's eco-friendly, mercury-free LED backlighting further conserves up to 25%* more energy when compared to conventional displays.

In addition, LED backlighting provides for a slim, lightweight profile that saves desktop space.

- Full HD 1080p for Superior Pixel Performance

- Planet-friendly mercury-free LED backlighting
- Eco-mode Conserves More Energy
- ViewSonic Flicker-Free viewing for improved eye comfort
- Blue light filter for more comfortable viewing
- ViewMode settings for digital content
- VESA-Mountable
