Overview

3M PF15.6W9 Black Frameless Privacy Filter for 15.6 inch Widescreen (16:9) Notebooks

The Privacy Filters PF15.6W9 are designed to fit widescreen notebooks with a viewable screen size of 15.6 inch.

Using 3M microlouver technology the filter gives full 60° privacy protection on either side, protecting sensitive information from unauthorised viewing.

Easy to attach the filter can remain in place when the notebook is not in use providing additional screen protection.

With a light matte finish the filter can help to reduce screen glare.

3M microlouver privacy technology provides privacy screen protection for sensitive data.

Reversible glossy or matte screen finish.

Matte screen finish reduces discomfort from screen glare.

Two easy on, easy off attachment systems.

Filter stays in place when notebook is closed.

Suggested applications: Notebook user working in sensitive areas, airports, internet cafes, open plan offices, Protecting confidential/sensitive information - customer, commercial, medical, government, e-examination.

- PF15.6W9 fits widescreen laptop computers with a diagonally measured 15.6 inch viewing screen
- Reduces glare when used with the matte side
- Passers by see only a dark screen making this filter excellent for high traffic areas
- Choice of two easy-on, easy-off attachments
- Screen Resolution (Width x Height): 1366 x 768 (WXGA)

- Easy to clean
- Aspect Ratio 16:9
