### **Overview**

---

Brother MFC-J6935DW (A3) Colour Inkjet All-in-One Printer (Print/Copy/Scan/Fax) 512MB 9.3cm Colour LCD 22ipm (Mono) 20ipm (Colour) 30000 (MDC)

The MFC-J6935DW is a smart A3 all-in-one for businesses who are serious about saving on their print.

High-yield cartridges help to reduce cost per page, while a six-second first page out time and flatbed A3 scanning ensure business is taken care of quickly and easily.

There's also enhanced security to protect your private documents, as well as ingenious extras like automatic low paper detection, direct PDF printing from USB and touch to print from the iPrint and Scan app.

The MFC-J6935DW lets multiple users connect seamlessly with wired and wireless connectivity, making it as easy to print from your smartphone, tablet and laptop as it is from a desktop device.

With fast print speeds and a first page print of just 6 seconds, there's no waiting around for your professional quality prints.

Spend less time loading paper with a 600-sheet paper capacity that automatically tells you when paper is low in both trays.

And with optional high yield, individual ink cartridges of 3,000 mono and 1,500 colour pages, you can reduce your print costs and the frequency of replacements, meaning less interruption to your business.
