Overview

Brother HL-L5100DN (A4) Network Ready Mono Laser Printer 256MB 42ppm 50,000 (MDC)

The Brother HL-L5100DN monochrome laser printer is perfect for offices and small workgroups looking for quality and reliability.

It delivers cost-efficient, two-sided output thanks to a high-yield replacement toner cartridge.

Plus, it quickly prints high-quality business documents up to 42ppm.

Use the 250-sheet capacity paper tray for letter or legal-size documents, and print on envelopes and alternative media types from the 50-sheet capacity multi-purpose tray.

For fewer refills, you can expand the paper capacity to 1,340 sheets with optional add-on trays.

Easily share the printer with others via built-in Ethernet networking and print with ease from a wide range of mobile devices.

Advanced security features help protect your sensitive documents and the printer from unauthorized access.

- Fast, high-quality printing. With a print speed of up to 42 pages per minute, this printer is ideal for busy offices. Plus, it offers up to 1200 x 1200 dpi resolution for crisp, clear text and excellent graphics
- Built-in networking. Share the HL-L5100DN with multiple users on your network via its Ethernet interface
- Flexible paper handling. Easily handle your large print jobs via an adjustable 250-sheet capacity paper tray and 50-sheet capacity multi-purpose tray. For additional capacity, add up to two 520-sheet capacity or two 250-sheet capacity paper trays for a total input capacity 1,340 sheets
- Cost-efficient output. Help lower your operating costs via a high-yield 8,000-page‡ replacement toner cartridge
- Automatic two-sided printing. Use the duplex feature to produce professional brochures, documents and booklets. This feature can help save money and cut your paper usage by up to 50%
