Overview

Canon PIXMA MX495 (A4) All-in-One Inkjet Photo Printer (Print/Scan/Copy/Fax)

Enjoy cost effective, everyday functionality at home with PIXMA MX495, which allows easy wireless sharing of print, copy, scan and fax functions between multiple devices and features a stylish, ultra-small, space saving footprint that fits easily into any environment.

Experience fast high quality printing at 8.8 ipm (mono) and 4.4 ipm (colour), with up to 4800 dpi resolution and great levels of detail.

Print from and scan seamlessly to smartphones and tablets with full Apple iOS and Android device support, which includes Apple AirPrint for easy wireless printing from an iPhone, iPad or iPod Touch without an additional app.

Download Canon PRINT app for quick and easy wireless printing from smartphones and tablets.

You can even print from, and scan to smart devices over a Wi-Fi network - without connecting to a PC or installing a driver.

Print directly from mobile devices without joining a secure Wi-Fi network thanks to Access Point Mode or print from virtually anywhere with Google Cloud Print support.

Go direct to the cloud with PIXMA Cloud Link, which lets you print photos in seconds from Facebook, twitter and online albums; print from and scan to popular cloud services like Google Drive, OneDrive and Dropbox; and attach and send scanned files/images directly via email - all without using a PC.

Relax and save with optional XL cartridges, which deliver significantly more pages, last longer between ink replacements - an ideal time saver if you print frequently - and can deliver up to 30% cost savings per page compared to their standard equivalents.

Be more productive thanks to a fully-integrated 20-sheet Automatic Document Feeder that makes scanning, copying or faxing of large documents quick and easy.
