Overview

Dualit 1.7L Classic Cdless Kettle SSteel

The multi-patented Classic Kettle features a ground-breaking replaceable element that lengthens the lifespan considerably, whilst the Whisper Boil drastically reduces unwanted boiling noise.

The Dualit Classic Kettle is available in a selection of finishes* and is fitted with a superfast 3KW element, making for quick boiling time.

Two measuring windows with cup level and litre indicators help you to boil only the amount of water required from one cup to 1.7 litres.

- Patented Repairable Element
- Dual windows
- Patented Whisper Boil function
- The precision engineered Pure Pour, non-drip spout prevents water dripping onto your kettle or work surface
- Durable hinged lid for our trademark longevity and reliability, with heatproof ring and finger guard
- Patented anti wobble feet for increased stability on work surfaces while boiling
- Integral cord storage to keep your work surface tidy
- Removable, Washable Limescale Filter
- Cordless operation with 360° swivel base
- Boil-dry safety cut-off
- Superfast 3KW element
- Designed and engineered in the UK
