Overview

Dualit 3in1 Coffee Machine 15 Bar Press

The groundbreaking 3 in 1 Coffee Machine makes you an at-home barista, producing coffee shop quality lattes, cappuccinos and espressos from your very own kitchen! Unique to the market, Dualit's patented 3 in 1 System offers three serving options, from quick-fix NX and Fine Tea capsules to ESE Pods or luxurious ground coffee.

- 3 coffee options in 1 unique machine
- Extracting perfection with Pure Pour
- Frothed milk on demand
- 3 in 1 versatility - patented NX & Fine Tea Capsules, ESE Pods and ground coffee
- 15 Bar pump: The ideal pressure for the perfect 'crema'
- Ultra fast thermobloc (water heating on demand) rather than boiler
- 1.5 litre removable water tank: Extra large water tank requires topping up less frequently
- Automatic purge: instantly cools to optimum coffee temperature
- 40 second warm-up time: From cold to ready-to-go in 40 seconds, making the coffee machine a fast worker
- Drip tray with non-slip mat: Convenient pop-up indicator instantly reminds you that the drip tray needs emptying
- Extra height clearance: Height clearance of 10cm under the filter holder, for larger cups and mugs
- Cup Warming Plate
- Easy to use
- Heavy Duty Polished Stainless Steel and Aluminium Chassis
