Overview

Vileda 100 Degree Hot Spray Mop

The VILEDA 100°C Hot Spray Mop is the easy alternative to a steam mop.

It's main advantage is it's CORDLESS when in use, this means no cords to get in your way.

The swivel head ensures manoeuvring around furniture and objects are easy .

Fill the tank with water, switch on and it's ready to use in 90 seconds, you can then clean with hot water for up to 30 minutes.

Cleaning your floor is easy, simply squeeze the trigger to spray hot water onto the high quality microfibre pad.

As it's lightweight the 100°C Hot Spray Mop can easily be carried around the home, even clean different rooms upstairs.

Thanks to the hot water & the microfibre pad, 99.9% of bacteria is removed from the floor.

There's no need to use chemicals as the microfibre pad thoroughly cleans your surface it's even great at removing greasy marks.

The Microfibre pad is easy to add / remove to the mop and can be cleaned in the washing machine.

Can be used on all sealed hard floors, even delicate floors such as wood and laminate, these floors should not get wet. Because of the trigger spray, you are in total control of the amount of water that is released.
