### Overview

---

Finish (2kg) Dishwasher Salt N04130

To avoid scale deposits on the dishes and in the dishwasher, dishes must be washed with soft water.

Finish Special Salt effectively softens your water to boost the cleaning performance of your detergent by preventing spots and watermarks on your dishes.

Finish Special Salt is guaranteed free from residues.

Its purity ensures that your dishwasher's built-in water softening unit works effectively.

Other salts may contain impurities like iron and carbonates which could damage the water softening unit.

- Hard water deposits can quickly reduce the efficiency of your dishwasher
- Finish salt is 99.9 percent pure to ensure that the built-in water softener works effectively, eliminating the damaging effects caused by hard water
- Size: 2kg
