Overview

Febreze (500ml) Fabric Refresher Classic

Febreze Fabric Spray 500ml (Pack of 1).

Febreze Fabric Spray is unique because it works to eliminate the odour at source, leaving behind a fresh fragrance.

The unique technology uses molecules to bind odours so you can no longer smell them.

Once the fabric is washed, the odours simply dissolve away.

It is this innovation and true freshness that have made Febreze a market leader..

.

Febreze technology doesn't just mask smells, it eliminates them.

Molecules bind the odour to them to lock in the smells.

When the fabrics are washed, the smells simply dissolve.

Easy to use; just spray and leave to banish stale smells.

Leaves a fresh, pleasant fragrance.

Pack of 1 x 500ml spray .
