### Overview

---

Evans Vanodine one3five Bio Laundry Powder (10.0kg)

Contains a blend of anionic & non ionic surfactants, oxygen based bleaching agents, anti redeposition agents, foam control agents, enzymes & perfume.

All surfactants used in Evans Vanodine products comply with the current European Regulations concerning bio degradability and protection of the environment.

- Low foam biological phosphate free detergent powder for professional use
- Outstanding cleaning action in soft & hard water areas
- Removes dirt & odours even at a low temperature wash
- Contains an oxygen bleaching agent for superior stain removal
- Long lasting fragrance to leave all washable fabrics clean & fresh
- Easy flow powder
- Provides upto 135 washes per pack
- Suitable for use in all automatic & on-premise laundry machines
