Price : £550.80

Overview

Toshiba Air Conditioner and Heater (White)

This mobile air conditioner features heat pump technology for both hot and cold air circulation.

Easy roll casters provide convenient mobility and the ducted exhaust hose vents hot air and condensed water to the outside of the building.

The automatic inbuilt condensate pump removes the need to empty a water tank.

Suitable for use in rooms up to 25 metres square.

- Mobile air conditioner and heat on easy roll casters
- Heat pump technology for both hot and cold air
- 2m ducted exhaust hose for venting hot air and condensed water
- Inbuilt condensate pump removes the need to empty a water tank
- Power rating: 220-240v
- Energy efficiency rating: 2.8
- Airflow: 480m3/h
