Overview

3M E-A-R Ultrafit Ear Plugs Yellow (1 x Pack of 50 Pairs Earplugs)

The 3M E-A-R Ultrafit are unique one size earplugs which fits most ear canals comfortably and provides a high level of attenuation.

For occasions when the convenience and the permanence of a pre-moulded ear plug is more suitable for your requirements.

Made from flexible materials that are pre-formed to fit the ear.

This reusable plug is comfortable, hygienic and economical as it can be washed.

- Single use, roll down earplugs made from slow recovery polyurethane foam.
- Ultra soft foam formulation for comfortable all day wear
- Tapered shape for easy insertion
- Excellent canal-hugging seal
- Protection level: 95db(A) - 110 dB(A)
- Attenuation Rating: 36dB
- Suitable for continuous exposure to noise, general industrial use and high temperature areas
- Earplugs come in a range of eye-catching colours: orange, red, pink and purple earplugs in one convenient dispenser box
