### Overview

---

3M Peltor Optime II High Comfort Ear Muffs (Black)

The 3M Peltor Optime II provides sealing rings which are filled with a unique combination of liquid and foam.

The result is an optimum seal with low contact pressure, which provides snug comfort even during long term use.

The sealing rings have ventilation channels and are covered with a soft, hygienic foam.

Optime II is a suitable choice for environments with substantial industrial noise or construction machinery, airports and agricultural work.

Also available in dielectric version (no visible metal parts) and in High Viz green for workers who need to protect their hearing and be extra visible.

- Developed for demanding noise hazard environments
- SNR 31dB
