Overview

St John Ambulance Burnshield Dressing 10 x 10cm

Hydrogel burn dressings for the treatment of burns and scalds.

Suitable for finger burns Ideal for Emergency Medical Responders, NHS workers, the fire industry and retail
Open cell foam is designed to hold gel in place and allow heat dissipation.

- Provide a non-adherent, sterile dressing for application to burn injuries
- Provides physical protection against contamination, minimises trauma and are non-toxic, non-irritant and anti-bacterial
- Ideal for emergency care on superficial, partial or full thickness burns and scalds
- Moistens, soothes and cools the affected area from the moment of application
