Overview

VFM (1000mm) High Visibility Flexible Post (Red/White)

VFM Red/White High Visibility Flexible Post 1000mm (Pack of 1) 320213.

This flexible post is ideally suited for controlling road traffic and will fit easily into 'cat's eyes' or alternatively it can be used in conjunction with an optional base (sold separately).

The post is made from anti-aging polyethylene with retro-reflective sleeves and includes a link joint in the post which will bend upon being hit, and then automatically return to its original position.

The ideal road traffic controlling item which won't cause damage or incidents if hit..

.

Fits easily into cats eyes or can be used with optional base.

Manufactured from anti-aging polyethylene.

Link joint in the post will bend upon being hit.

Post will automatically return to original position.

Height: 1000mm.

Highly visible red/white colouring.
