Overview

Memory Foam Seat Rest AC82024

Temperature and pressure sensitive memory foam dissipates pressure while gently moulding to your body shape.

Features leather-like bottom cover to reduce movement on chair.

Originally developed by NASA to relieve astronauts of G-force experienced during lift off.

Removable, washable, cotton/polyester fabric cover.

- High-density memory foam (viscoelastic) provides maximum support to help relieve back discomfort
- Temperature and pressure-sensitive foam moulds to the body's contours
- Seat rest features leather like bottom to reduce movement on chair
- Unlike gels, memory foam contains virtually no pressure points
