Overview

Swann Smart Wireless Full HD Security Camera (White) - UK SWN11653

Connect in minutes to your existing WiFi network, with no need for a hub, base station or DVR.

See faces, license plates, packages & more with crystal clear 1080p full HD video & wide 120° viewing angle day and night.

Mount it outdoors as it's built tough to withstand sunshine, rain, snow and dust.

Easily recharge with the supplied USB cable into your smartphone's charging wall plug or a computer - no need to replace expensive batteries.

The camera conserves energy when not in use and its long battery life means you only need to recharge a handful of times a year.

Swann's True Detect heat-based PIR motion detection reliably alerts you and records activity, with fewer false triggers.

Save up to 7 days (hundreds) of 10-60 second video clips to the camera's built-in back-up memory.

Enjoy 2 days of free storage to secure cloud with the ability to expand that to 30 days*, and many more clips.

Receive push notifications if activity is detected and playback video clips with audio, all on your smartphone.
