Overview

Swann 1080p Pan Tilt Wi-Fi Camera SWN12033

Discreet & compact, Swann's Wi-Fi Pan & Tilt Security Camera is the perfect security solution for home & businesses in need of affordable and smart indoor surveillance for their property with the ability to see and hear live & recorded footage with the free AlwaysSafe app, from wherever you are in the world!! Install in minutes.

Just unbox it, power it, connect it to your Wi-Fi network & pair it with the AlwaysSafe app for instant Full HD 1080p live view & recordings.

The camera is powered to the wall socket, while internet connection is wireless, allowing more flexibility of mounting locations.

For a hard-wired connection, the camera features an Ethernet port.

Be protected day & night with Full HD 1080p image with crisp night vision up to 15 metres for 24/7 protection.

The built-in microphone & speaker give you two-way audio, adding that extra layer of evidence.

Interact remotely with your phone, by talking back to your kids, tradespeople and even your pets.

The wide 80° viewing angle cover an incredibly broad area.

On top of that, with its motorized ability, you can make the camera pan 355° horizontally & tilt up and down 105° so that you can have a full view of what's happening by controlling it directly from your phone.

All recordings are stored locally to an micro SD card (not included) of your choice, up to a massive 64GB, meaning you won't need a DVR, making it a simple plug-and-play security solution.

Mount it to wall or ceiling with the included hinged mount or simply place the camera on a flat surface.

Go beyond security and use the camera as a baby monitor to enjoy the two-way audio, or use it to check in on an elderly relative in need of care.

Add as many cameras as you want to monitor different locations at your home or business & see all cameras on the AlwaysSafe app.

Another great solution from Swann, the world's #1 brand in DIY security.
