Overview

Motorola XT460 On-Site 2-Way Business Radio with Display PMR446 8-Channels 219-Codes 9km Range (Black) MR00640

Empower your team with a faster way to communicate.

The XT460 on-site two-way business radio helps you communicate instantly, without missing a beat.

With crisp, clear audio throughout the workplace and exceptional durability, the XT460 delivers great performance even with hard use in high noise, harsh conditions.

The XT460 radio operates without subscription or call charges on PMR446 unlicensed frequencies, offering 8 channels and 219 user selectable privacy codes to help ensure a clear signal.

An easy to read display and four programmable buttons enables quick access to features.

Enhanced audio quality, a rugged design, and versatile HTML based customer programming software, make this radio an exceptional choice for all your on-site business needs.

Whether you're coordinating resources at the construction site or on the manufacturing line, the XT460 two-way radio is tested to last.

Unleash the power of your XT400 Series radio with accessories that are comfortable, durable and discreet to fit the way you work.
