Overview

Safescan 2685 Banknote Counter with Counterfeit Detection (Checks and Counts Mixed GBP & EURO

Save time and make your administrative tasks easier.

The Safescan 2685-S is packed with the latest technology that allows you to continuously and rapidly count high volumes of mixed banknotes.

Connect your Safescan 2685-S to the included Safescan Money Counting Software and save or export your counting results with just the push of a button.

The Safescan 2685-S is our most advanced banknote counter, offering professional-grade mixed-note counting and counterfeit detection.

Designed and tested for high-volume use, the 2685-S is ideal for businesses that need fast, error-free counting for multiple currencies and proven 100% accurate banknote authentication.

Save time and eliminate all chance of error.

The 2685-S's spacious hopper can hold 500 banknotes, and three adjustable speeds provide you with maximum counting flexibility, reliability and efficiency-up to 1500 notes per minute.

Like all Safescan money counters, the 2685-S rapidly and reliably counts sorted bills in any currency, including custom coupons and vouchers.

But it can also count unsorted notes in EUR, GBP, CHF, SEK, NOK, DKK or PLN.

Just place your unsorted stack on the hopper and press start; the 2685-S will automatically keep track of the number and value counted for each denomination.

- Suitable for detection of current and new banknotes series
- Counts up to 1.500 banknotes/minute
- Stacker capacity of 220 notes
- Large hopper capacity of 500 notes for high capacity counting
