Overview

3M Respirator Valved FFP1 Classification Foldable White Ref 9312 [Pack 10]

This generation of respirators provides comfort and style without compromising performance.

Extensive European field trials have proved the superiority of this range over more traditional respirators.

Three-panel design for improved comfort, fit and communication.

Reliable, effective protection against fine particulates.

3M Cool Flow valve reduces heat build-up to offer comfortable protection, particularly in hot and humid conditions.

- Provides respiratory protection against low levels of fine dusts and mists
- Individually packed, foldable design prevent contamination before use and allows easy storage
- Soft inner cover-web for greater comfort against the skin
- Even-tensioned straps relieve pressure for a comfortable and secure fit
- Yellow colour coded straps denoting FFP1 protection level
