Overview

3M 9928 Cup Shaped Valved Respirator FFP2 (White) Single

Designed specifically for welding applications and offering protection against ozone, welding fumes, and fine dusts, this valved cup-shaped respirator has a comfortable and lightweight off-the-face design and provides a good fit over a wide range of face sizes.

The Cool Flow Valve reduces heat build up even in hot and humid conditions and a durable collapse resistant inner shell provides strength and stability.

This face mask has a protection level of FFP2.

- FFP2 valved welding respirator
- Effective protection against ozone, welding fumes, and dust
- Traditional cup shape for comfort
- Collapse resistant inner shell
- Cool Flow Valve reduces heat build up
- Protection level: FFP2
- Conforms to EN149:2001
