### Overview

---

Shield Polythene Oversleeves (Blue) Pack of 2000

Shield Blue Polythene Oversleeves (Pack of 2000) DA01.

Perfect for protecting your clothes from non-hazardous materials, these polythene oversleeves offer a high level of hygiene.

With elasticated ends, they fit easily over your clothes and stay secure no matter what task you are performing.

Ideal for food processing, veterinary practices and laboratories, these oversleeves are versatile and easily disposable.

Made from latex free material, they reduce the risk of allergic reactions and hypersensitivity and offer comfortable and flexible protection while working..

.

Blue oversleeves for catering and food environments.

Elasticated on both ends to keep them firmly in place.

Suitable for handling food products.

Latex-free material lowers the risk of hypersensitivity and allergic reactions.

Manufactured and inspected to European standards.

Vacuum Packed in polybags.

Should not be exposed to temperatures above 50°C.

One size fits all.

Pack of 2000.
