

HP 80 Black Printhead and Cleaner for DesignJet 1000 HPC4820A

HPC4820A
C4820A

Dimensions : 11.4cm (W) x 3.6cm (D) - Weight 0.17kg
Distributor Numbers : Vow Code: HPC4820A
EC Commodity Code : 84439990
Form Factor : Cartridge
Industry Standard Product Classification : 43151
Ink Colour(s) : Black
Model Name : 80
Product Family : Designjet
Product Type : Print Head

Pack Quantity 1
Price : £158.40

Overview

HP 80 Black Printhead and Cleaner for DesignJet 1000

HP 80 Printheads and Cleaners are engineered to work with the HP 80 Ink Cartridges as part of a modular ink system that delivers fast printing automatically.

Each HP 80 printhead comes with a printhead cleaner that maintains the life and performance of the printhead.

Smart chips embedded into each of the individual printheads and ink cartridges track printhead wear and ink usage and automatically work with the printer to ensure precise black-and-colour lines and high quality Colour renderings, maps, and graphics every time you print.

- Fast, reliable, unattended printing on media up to 91 metres long
- True 600 x 600 dpi resolution for precision line drawings, renderings, maps and graphics
- With new, built-in smart chips, HP No. 80 print heads and ink cartridges automatically work with the printer to provide precise black and colour lines and high-quality colour renderings, maps and graphics every time
- Help you avoid running out of ink unexpectedly by monitoring approximate ink levels
- JetExpress technology delivers a revolutionary one-inch-wide (2.54 cm) print head with 512 nozzles to produce the fastest, most precise printing of any HP Designjet printer.
- Prints almost a 2.5 cm swath with each pass, resulting in two to three times faster printing speed over typical 1.25 cm or smaller integrated print cartridges
- HP No. 80 print heads with JetExpress technology raise the bar for fast, unattended inkjet printing for technical applications. JetExpress technology helps the printer achieve unmatched speeds
