

HP 80 Ink System Cyan 350ml for DesignJet 1050 Series HPC4846A

HPC4846A
C4846A

Compatible Printer(s) : Designjet1050c/1055cm
Dimensions : 22.6cm (W) x 11.4cm (D) x 5.6cm (H) -
Weight 0.64kg
Distributor Numbers : Vow Code: HPC4846A
EC Commodity Code : 84439990
Industry Standard Product Classification : 43152
Ink Colour(s) : Cyan
Ink Volume : 350ml
Model Name : 80
New/Remanufactured : New
Original/Compatible : Original Manufacturer
Pack Quantity : Total 1 Piece(s)
Product Family : Designjet
Product Type : Ink Cartridge
Single or Multi Colour Cartridge : Single

Pack Quantity 1
Price : £147.08

Overview

HP 80 Ink System Cyan 350ml for DesignJet 1050 Series

The HP 80 ink cartridges are designed to work with HP 80 printheads and printhead cleaners as part of a modular ink system, HP 80 ink cartridges are formulated to provide professional results that are always clear, always sharp.

The higher capacity (350 ml) cartridge is ideal for high-volume, overnight, or unattended printing.

And like the HP 80 printheads, the ink cartridges feature built-in smart chips to ensure excellent results without guesswork.

The HP 80 ink cartridge are the perfect choice for users who produce precise black-and-colour line drawings or high-quality Colour renderings, maps, and graphics.

- Fast, reliable, unattended printing on media up to 91 metres long
- True 600 x 600 dpi resolution for precision line drawings, renderings, maps and graphics
- 350 ml black pigmented ink cartridges and 350 ml dye-based colour ink cartridges for high-volume, unattended printing
- With new, built-in smart chips, HP No. 80 print heads and ink cartridges automatically work with the printer to provide precise black and colour lines and high-quality colour renderings, maps and graphics every time
- Help you avoid running out of ink unexpectedly by monitoring approximate ink levels
- Prints almost a 2.5 cm swath with each pass, resulting in two to three times faster printing speed over typical 1.25 cm or smaller integrated print cartridges

- HP No. 80 print heads with JetExpress technology raise the bar for fast, unattended inkjet printing for technical applications. JetExpress technology helps the printer achieve unmatched speeds
- JetExpress technology delivers a revolutionary one-inch-wide (2.54 cm) print head with 512 nozzles to produce the fastest, most precise printing of any HP Designjet printer.
