### Overview

---

HP 84 (69ml) Light Magenta Ink Cartridge (Yield 1,500 Pages) for HP DesignJet 130

Produce high-quality images with up to 2400 dpi resolution and four-picoliter ink drop size.

A six-ink system with new separate light-dye-load cyan, magenta and dye-based black inks delivers smoother transitions and better Colour accuracy for photo-quality graphics with vibrant colours.

Print without headaches using the HP 84 convenient modular printhead and ink cartridge system.

Both printheads and ink cartridges are long-lived and easy to replace.

Smart chips monitor ink supply and alert users when ink is low, eliminating guesswork and costly downtime.

Save time and money with the HP modular ink delivery system and long-lasting ink supplies.

Wider print swath and 304 nozzles per printhead minimize wait time, while the economical modular supplies mean an attractive cost per page.
