BY42014

The Note pedestal is a familiar sight in style-conscious offices across Europe.

Its smart, neutral aesthetic is achieved through the 'one piece wrap' assembly process and makes it a suitable companion to almost any desk system or workstation.

Castor based mobile units or static options that can be desk supporting are available, with room inside to store A4 suspension files or 'narrow footprint' suspension filing.

- Robust 'vertical wrap' welded steel carcass
- Drawer interlock - only single drawer opening at a time
- Optional 6mm decorative steel top
- 100% extension file drawers
- Optional drop-in pen tray
