## Overview

Polycom RealPresence Trio 8800 IP Conference Phone PoE PLY84869

The Polycom RealPresence Trio 8800 is the first smart hub for group collaboration that transforms the iconic three-point conference phone into a voice, video and content sharing system that can fit into any team environment, large or small.

The world's best conference phone just became something so much more.

Polycom RealPresence Trio not only provides the industry's most amazing sound quality so that you hear every word clearly, but it's also the new smart hub for your group collaboration.

RealPresence Trio lets you easily add HD content sharing and live video interaction into spaces where it wasn't available before.

Hear every perspective, share your ideas and concepts with vivid imagery, and see their reactions immediately in real-time video from the one and only Polycom RealPresence Trio.

Everyone loves the simplicity of Polycom's iconic three-point phones.

RealPresence Trio takes this to the next level.

The design of RealPresence Trio is sleek and sophisticated.

Its 5-inch colour touch screen and intuitive navigation make it simpler than ever-resulting in fewer mistakes, quick starts for every meeting and minimal training requirements.

RealPresence Trio provides wired and wireless pairing with your personal devices using Bluetooth or USB and even includes convenient, illuminated mute buttons on each leg so everyone in the room can manage the meeting experience.

RealPresence Trio flexibility makes it the ideal solution for the many dynamic needs of your organization.

With a 20-foot pickup range and advanced audio technology such as enhanced Polycom HD Voice and the patented Polycom NoiseBlock, RealPresence Trio is the ideal solution for any meeting space that needs the

best audio experience.

The design, the first of its kind, allows you to easily add the RealPresence Trio Visual+ and a USB compression camera to enjoy powerful HD content sharing and real-time video for complete, visual collaboration.

RealPresence Trio flexibility and performance make it the perfect choice for team collaboration environments from the boardroom to the huddle room-and it is priced right for mass deployment.

- World's clearest and richest audio experience powered by patented technology
- Complete visual collaboration with HD content sharing and real-time video interaction
- Faster adoption and user preference with wired or wireless pairing of your portable devices (BYOD)
- Simple interface minimizes mistakes
- Tight integration with Microsoft Outlook allows anyone to start a collaborative session with a single touch of a prompt
- Improved administration and investment protection via support for Power-over-Ethernet, Zero-Touch Deployment and connection to leading call platforms
- Affordably priced for mass adoption across every meeting space
