Overview

VARTA NiMH Battery D Pk 2 VR55077

Ordinary rechargeables get discharged during storage and lose much of their capacity.

With VARTA Ready2Use rechargeables you won't have much of a capacity problem.

Once charged these new batteries still retain 80% of their capacity after one year of storage.

VARTA Ready2Use rechargeables do not require a special charger and can be used for all applications.

- Powerful product range with all relevant sizes and capacities
- Suitable for all chargers
- Single Press Out enables easy opening of the pack and good storage for unused batteries
